Note: Please direct all emails to my CU email address instead of using Canvas messaging.

Principles of Microeconomics (ECON 2010) with a minimum grade of a C-. Basic algebra and graphing skills are assumed. This course is for non-econ majors. If you are an economics major and you want this course to be counted towards your degree progress, please seek approval from your advisor and myself. This course does count toward an economics minor.

*Environmental and Natural Resource Economics, a Contemporary Approach* (5th edition) by Jonathan Harris and Brian Roach. There is a copy of textbook on reserve in Norlin Library. You may check it out for 24 hours.

Zhang, Ben ([benjamin.zhang@colorado.edu](mailto:benjamin.zhang@colorado.edu))

ECON 206A

Tuesday and Thursday from 12:00 PM – 1:00 PM and by appointment.

Partial attendance for the first three classes is mandatory or you will be administratively dropped from the class to make room for attending students on the waitlist. While attendance will not be taken for the

alternative (and reasonable) solution. You will be graded on how relevant the article you choose is, the quality of your writing, how well you relate the article back to environmental economics
